Dear members of team SE25T7PT,

With the help of some SE lecturers, we had reviewed your proposal titled "Cloud based Real-time Analytical Monitoring of Photovoltaic Systems and Weather Parameters". It is approved.

You are also welcomed to make use of the **project workspace** created for your team in IVLE.

You may also want to seek **general advice** from your team advisor, Boon Kui. FYI, I am taking over from Sharan as he is leaving ISS.

Cheers,
Boon Kui
